

Frontiers and Future of Plant Reproduction Research

June 10-11, 2018

ITbM & ES Hall, Nagoya University

Invited Speakers:

Alice Cheung

University of Massachusetts, USA

Anna Koltunow

CSIRO, Australia

Anja Geitmann

McGill University, Canada

Arp Schnittger

University of Hamburg, Germany

Dolf Weijers

Wageningen University, Netherland

José Feijó

University of Maryland, USA

Mark Johnson

Brown University, USA

Rita Groß-Hardt

University of Bremen, Germany

Stefanie Sprunck

University of Regensburg, Germany

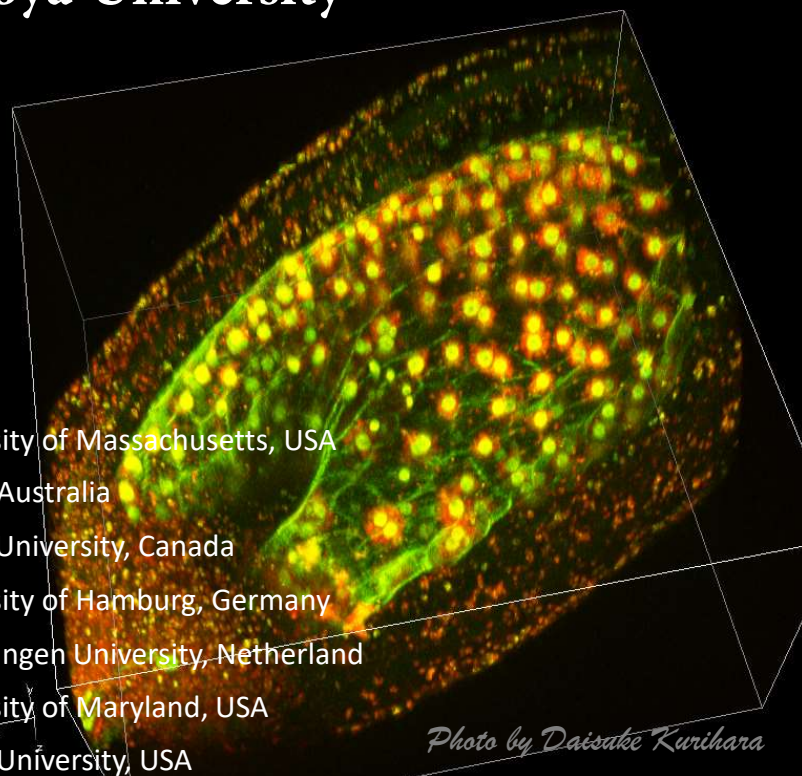

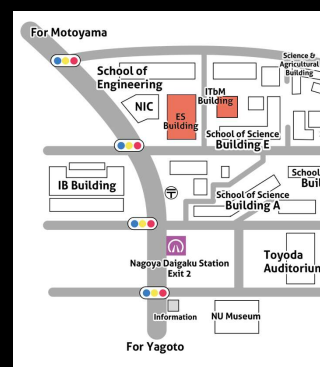

Photo by Daisuke Kurihara

Organizer:

Tetsuya Higashiyama

President of IASPRR; Nagoya University, Japan

NAGOYA
UNIVERSITY

公益財団法人 大幸財団
DAIKO Foundation

Determining principles in
THE BIRTH OF
NEW PLANT SPECIES
elucidation of lock-and-key molecular systems in sexual reproduction

Program

June 10

14:00 Registration (ITbM)

15:00 Poster Session (ITbM)

17:00 ITbM Tour

June 11

9:00 Session 1 (ES Hall)

Stefanie Sprunck

Mark Johnson

(Break)

Arp Schnittger

Rita Groß-Hardt

Anja Geitmann

12:00 Poster Session with Lunch (ITbM)

14:00 Session 2 (ES Hall)

José Feijó

Alice Cheung

Anna Koltunow

Dolf Weijers

16:00 Closing Remarks
